

### Tarrawarra Vineyard Yarra Glen, Victoria

Tarrawarra Vineyard was created in 1986 on a 320-hectare dairy property near Yarra Glen.

Tract prepared a masterplan for the entire property which has been progressively implemented over time. This included the provision for the winery, vineyard layout, interconnecting road ways, dams for water supply and revegetation of environmentally sensitive areas of the largely divided farmland.

Local stone from the site was used in many features situated amongst the property. A poplar-lined entry drive creates a clear entrance and the generously landscaped lakes enhance the setting.

Tract has maintained an ongoing upkeep of the property. The project received a 1996 Design Award from the Australian Institute of Landscape Architects.
